Subject: trials on 11/15/11

I just wanted to let you both know that I have two cases scheduled fro today – one in Holyoke and one in Northampton. I'm not sure of the probability of either one actually going, so I'm going to assume that I am on-call for both (unless I hear otherwise) and wait to see who I hear from first. I'm under the impression that the Northampton DC seems to think that we need to be there sans a phone call, and if this is the case please call me asap so I can get there. This would not necessarily mean that I could not make court in Holyoke as it would depend on what ends up happening (or not happening) in Northampton. With all this said, please call me on my cell if I am needed, whether it be at 9am or sometime later, as I am not constantly on-line and may not even be in the lab. Thank you.
